Nella mente profonda egli volgea molti pensieri

Come vendetta far degli Achei potesse.

Meglio senza dubbio era seguir Atena ispiratrice

Prima che l'asta e la spada adoperare contro i nemici.

Ma se tra i Proci solo volesse combattere,

Molti e valenti gli Achei contro lui radunerebbe.

Prima le mandre e le pingui capre rapire potrebbe

Prima che tutti i Proci perissero per la sua mano.

Ma la vendetta lasciamo agli dei che sopra l'Olimpo

Sono, e vedere presto potranno chi sarà vincitore.

Ora pensiamo a tornare alla casa diletta

Prima di tutto, e poi ai compagni andremo.

Ma non molto lontano dalla sua casa Ulisse

Era, che un uomo mandato dalla Dea Calipso

Era venuto, o da Circe, che molto lo pregava

Di restare con lei nelle sue belle stanze.

Ma non poteva Ulisse restare, perchè non aveva

Navi e compagni che lo portassero sopra il gran dorso del mare.

Ora pensava come i Proci potesse uccidere

Se da soli o con tutti i migliori Achei che avevano in Itaca.

Ma prima che Ulisse avesse deciso che cosa fare

Atena scese dall'Olimpo e venne presso la sua casa.

Sembrava un uomo, ma era una Dea, e Ulisse la vide

Prima di tutti, ma gli altri non videro la Dea che venne.
